HE5000mono
Hyperbaric Oxygen Chamber

Precision Wellness
Medical-Grade Monoplace HBOT Solution

MACY-PAN®

Core Advantages at a Glance

2.0 ATA Therapeutic Power

Experience the gold standard in hyperbaric oxygen therapy (HBOT), delivering proven physiological benefits for enhanced recovery, wellness, and performance.

Unibody Stainless Steel Construction

Engineered from a single piece of high-grade stainless steel for superior strength, exceptional pressure resistance, and long-term durability.

Inherent Safety & Reliability

The robust, seamless design eliminates weak points, ensuring maximum safety and peace of mind during every session.

Effortless Operation

A user-friendly control system makes advanced HBOT accessible to everyone. Achieve therapeutic results with simplicity and ease.

Space-Smart Design

With a compact 88cm (35") width, the HE5000Mono fits seamlessly into any environment, from clinics and wellness centers to private homes.

HE5000MONO

Monoplace Hyperbaric Chamber Specifications

MACY-PAN®

Basic Technical Parameters

Chamber Structure

Category	Details
Chamber Material	Medical Grade SUS304 Stainless Steel
Door & Viewport Material	High-Strength Polycarbonate (PC), High Transparency, Impact Resistant
Chamber Size	1750*880*1880mm ±10mm (68.8*34.6*74in)

Pressure System

Category	Details
Maximum Working Pressure	2.0 ATA
Emergency Depressurization Rate	From 2.0 ATA to 1.0 ATA ≤ 60 seconds
Ventilation Rate	≥ 140 L/Min

Oxygen Supply System

Category	Details
Oxygen Supply Pressure	2 Bar
Oxygen Supply Flow	10 L/Min
Oxygen Supply Purity	93% ± 3%
Internal Chamber Oxygen Concentration	≤ 23.5% (Safe Oxygen-Rich Environment)

Electrical System

Category		Power	Size
All-In-One Machine	Air Compressor	350 W	660*420*975 ±10mm (26*16.5*38in)
	Oxygen Generator	850 W	
Air Conditioner		900 W	600*370*580mm ±10mm(23.6*14.6*22.8in)

External Features & Finishes

The exterior design of the He5000mono embodies the philosophy of "fusion of art and technology," transforming the hyperbaric chamber into a piece of art in modern home decor.

High-Grade Automotive Paint Finish

Utilizes the same baking paint process as top-tier automobiles, resulting in a full, high-gloss, hard, and corrosion-resistant finish. Multiple classic color options available to seamlessly blend into any home style.

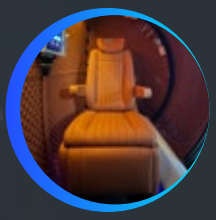

Multi-Color Adjustable Ambient Lighting

Intelligent RGB ambient light strips are embedded in the chamber's base or contours. Users can freely switch between various colors and dynamic modes via remote control or mobile app, creating a technological, cozy, or romantic atmosphere.

Exclusive Custom Painting

Supports personalized exterior graphics. Custom logos, artistic patterns, or special colors can be applied based on user preference, creating a truly unique, one-of-a-kind personal hyperbaric chamber.

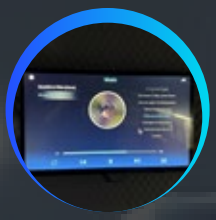

1

Premium Aviation Seat

Features an ergonomically designed, premium electric aviation seat supporting multiple angles (including a near-flat position) with electric adjustment. Built-in massage, ventilation, and heating functions provide ultimate relief from physical and mental fatigue.

2

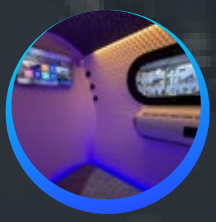

Immersive Audio-Visual Entertainment System

Built-in HD Internet TV: Connects to Wi-Fi for streaming online movies, TV shows, news, and other media content.

Integrated High-Fidelity Sound System: Professionally tuned acoustics deliver surround sound for an immersive audio-visual experience.

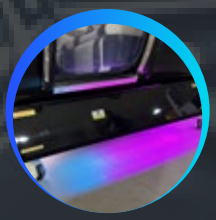

3

Smart Scenario Lighting

Beyond basic reading lamps, features a multi-zone, adjustable color temperature internal lighting system to suit various scenarios like reading, resting, or sleeping.

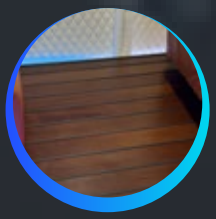

4

Dreamlike Ambient Lighting

Specially designed soft ambient lights in pink, blue, and other colors effectively help users relax, relieve stress, and enhance the therapeutic experience.

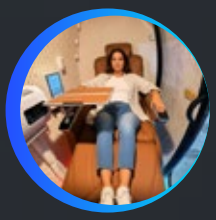

5

Luxurious Wood-style Flooring

High-quality composite wood-style flooring with natural texture and comfortable feel enhances the overall interior ambiance and homely warmth.

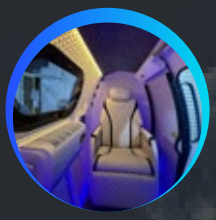

6

Negative Ion Air Purification

Built-in negative ion generator continuously releases high concentrations of negative ions, effectively purifying the chamber air, eliminating odors, and making you feel as refreshed as being in a forest.

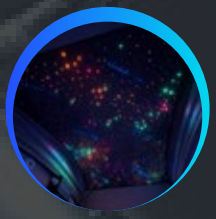

7

Interior Appointments & Comfort Systems

The interior space is a luxurious rest pod tailored for you, focusing on every detail to ensure each session is a physically and mentally pleasurable experience.

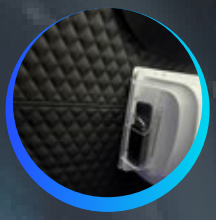

8

Starry Sky Ceiling

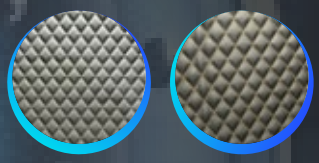

The ceiling simulates a vast starry sky. Different starry sky modes can be switched via smart control, allowing users to gaze at the "stars" while receiving oxygen therapy, achieving ultimate relaxation and meditation.

9

Eco-Friendly High-End Upholstery

Interior lining uses top-grade, eco-friendly leather, offering a soft, delicate touch. Non-toxic, odorless, and easy to clean, providing a safe and healthy user experience.

Why Choose Macy-Pan Hyperbaric Oxygen Chambers?

20 Years of Dedication, Six Core Strengths.

20 Years of Deep Industry Expertise · Focus Drives Professionalism

Since 2007, has dedicated 20 years exclusively to the R&D and manufacturing of hyperbaric oxygen chambers. Our profound industry experience and technical accumulation ensure every unit is refined and reliable.

Owned Factory · Full Control Over Quality

We maintain strict control from the source. Our self-owned production base enables end-to-end quality management from raw materials to finished products, ensuring stable and reliable quality, eliminating the risks associated with outsourcing.

Comprehensive Certifications · International Quality Assurance

PED
Pressure Equipment Directive

ISO 9001
Quality Management System

ISO 13485
Quality Management System

2014/68/EU

ASME
AMERICAN SOCIETY OF MECHANICAL ENGINEERS

NFPA 99
INSTRUCTOR TRAINING

PICC
Product Liability Insurance

RoHS3 compliant
EU 2015/863

Global Installation Teams · Professional After-Sales Service

We have a global network of professional installation teams providing standardized setup services (Note: Installation services incur separate fees based on specific requirements), ensuring precise commissioning and worry-free ongoing maintenance.

Worldwide Delivery · Hassle-Free Customs Clearance

Leveraging 20-year stable partnerships with international logistics providers, we ensure safe and timely delivery worldwide, supported by expert customs clearance assistance for a smoother procurement process.

Experienced English-Speaking Support · 24/7 Availability

Our team of seasoned English-speaking sales consultants is available 24/7 via WhatsApp and phone, ready to provide expert advice and technical support whenever and wherever you need it.

Choosing Macy-Pan means more than just selecting a chamber – it's choosing 20 years of specialized commitment, a complete quality assurance system, and a trustworthy global partner.

Macy-Pan – 20 Years Specialized in Hyperbaric Chamber Manufacturing, Serving Clients Worldwide.
